Dynamis

The School for Advanced Homeopathic Studies

DYNAMIS NEWS!

To all Dynamis students, graduates and friends,

The good news: Jeremy (me!) is alive and kicking, working on several books and multiple projects and splitting my time between Africa and the rest of the world. If you want to know more about my once private life, read Camilla's Facebook - it knows more than I do!

New new new - [Neon](#) is born into the world after a very long gestation. Adopt a book [today](#) - it will look great on your bookshelf next to Helium, and if you bother to read it you won't regret it - lots of new information, personal potentization, spiritual dilution and mental succussion, with poetry and prose to blow your mind. Includes Dynamis remedy pictures of the whole second period! Knock knock Neo, and I am gone to Argon.

New version of [Q-Rep](#) out now with new rubrics 'Fear disease' 'Birds and Flying' and 'Judgmental'. You hopefully already have the previous version with 'Insects' and 'Big Ego' - if not it will come together with the upgrade.

Thanks to Rafi, Kelly, Orit, Tom, Ellen and everyone else who has helped over the years.

[Q-Rep](#) now available from ALL homeopathic software companies in this universe.

Upgrade today for the LAST free update!

Guaranteed easier life with better results! - We work so that you can relax.

Jeremy says: "*A homeopath without a remedy is like a taxi driver without a taxi*". I designed this kit because I needed it, so you probably need it as well. Great gift - for yourself!

FIREFLY APP

And to go with your kit-on-the-go, here's the App to go with it!

Firefly: I got this excellent app as a contribution for HHA at half price! It's a great little app - includes lots of repertories, MM's and reference books, all for only \$25. We now give them free to all our African students and homeopathic clergy as it works really well in the field, with no battery issues like conventional laptops and repertories. All profits to HHA, so get one for you and sponsor one for an African homeopath, it really makes a huge difference.

[Check it out](#) but order from us!
Available from liz@dynamis.edu

The offer has finished for Apple apps. These are still available, but are \$50. There are still limited android apps available at the offer price of \$25. But hurry! Once they're gone the price goes up to 50\$! (Which - in Camilla's opinion - is still nothing, considering the benefits of repertorising ANYWHERE ANYTIME!)

EDITING - Serious, skilled, talented, experienced, persevering and hardworking book and proving editors always welcome. Too many books in my head and too little time.

Italian homeopathic pharmacy Cemon won the 1000\$ Radon challenge, for obtaining and potentizing a very pure form of Radon for a Dynamis proving. Well done! We are looking for provers, but please be aware that this is a highly radioactive substance...

Please contact us if you are interested to prove or to supervise: cami.sherr@outlook.com

Thanks to Anne Baker's dedication and very hard work, all newly edited, amended and beautifully illustrated [Dynamis provings](#) now available for only \$7.75 and all profit goes to [HHA](#).

Latest addition is [Gallium](#)
